

Lineworkers wear hard hats.

The hard hats are made of fiberglass and insulated.

Hard hats protect the lineworkers from shock and anything that could fall and hit their head.

Go to UCEMC.COM and look for our logo. (What is a logo?).
Draw the logo on the hard hat.

TRUE or FALSE

Electricity does not travel through something electrically insulated. **True or False**
Fiberglass is a good insulator from electricity. **True or False**

Go to the Internet, look up **INSULATOR** and **CONDUCTOR**. You are getting smart!
